24 Hours [Lightning Report](#) 1000-1000

<u>Detection Flights for Today</u>	North Zone	South Zone

Area Discussion:

Custer County called in a smoke report in the Bay Horse area last night. E-621 will be responding to the area today to look however, this may be drift smoke from the RX burn the Sawtooth NF is working on.

Below is a link to the press releases for fires on the Salmon-Challis NF.
